

**JERSEY MARINE  
CONSERVATION**

# **ISLAND CHALLENGE**

## **GET INVOLVED!**

On 2nd February 2022, Her Majesty The Queen became the first British Monarch to celebrate a Platinum Jubilee, after 70 years of service.

To commemorate the Queen's Platinum Jubilee, we are inviting islanders to get involved in identifying and logging 70 marine species and collecting and recording 70 pieces of litter.

**Do something for our planet now,  
what's stopping you?**

# CHALLENGE 1

**Identify and record 70 marine species, including birds - Take photos and record what you find on the epicollect5 app**

These can be one type species from several different locations or different ones in the same location! Photographs are important to help us verify the different species recorded, especially if your not sure of the species name.

# CHALLENGE 2

**Collect and record 70 pieces of litter- Take photos and record what you find on the**

The rubbish can be from anywhere on the Island that could end up in the ocean. It can be many of the same type of rubbish item and can be found in as many different locations as you like!

## HOW IT WORKS

- Download the epicollect5 App
- Add the 70 4 70 Island Challenge Project (printable forms available via the website)
- Select 'Add entry' to record and upload photographs
- Collect any rubbish and dispose of responsibly
- Data will be downloaded directly from the app once the competition is closed, or submit your survey via our website!
